

Town of Kipling  
Box 299  
Kipling, SK  
S0G 2S0

Dear Resident:

In an effort to continue effective communication with our residents, the Town has implemented a phone system through SynreVoice Technologies Inc. (for those of you with school age children, you will know how this system works).

We use this messaging system for:

- Emergency Alerts
- Advisories – water, cancelled garbage pickup etc.
- Service Alerts – water main flushing, fall compost pick up, sweeping etc.

In order for us to enter you into our database we require that you provide us with your phone number; a landline or cell number on which you wish to receive messages. You can also be emailed but this is as well as not instead of the telephone message.

**Please note that all information will remain confidential and never be sold or given out to other organizations; it will be used solely for the purposes of this notification system.**

We ask that you either drop this letter off at the Town Office at 301 6<sup>th</sup> Avenue or email the information to [kiptown@sasktel.net](mailto:kiptown@sasktel.net)

Name: \_\_\_\_\_

Civic Address: \_\_\_\_\_

Phone Number: \_\_\_\_\_

Email: \_\_\_\_\_

***Thank you for helping us to serve you better!***

Regards,

Town of Kipling
