

**Town of Kipling  
Policy Manual**

---

**POLICY DESCRIPTION:**

**Sidewalk Snow Removal Policy**

**POLICY NUMBER:**

**GG0009**

---

**DATE APPROVED: June 10, 2013**

**RESOLUTION #: 143/13**

**REVISED:**

---

Purpose: To clarify sidewalk snow removal responsibility in the Town of Kipling.

Process:

- Residents, Businesses and Institutions are encouraged to clean the sidewalks on the frontage and flankage of their private property in order that residents can utilize the sidewalks during winter months.
- In areas where sidewalk cleaning is essential to accommodate high pedestrian traffic areas, the Town may, clean the sidewalks that are established as priorities in this policy.
- The priority sidewalks to be cleaned after snow storms are shown on the attached Sidewalk Snow Removal Priority Streets Map.
- Sidewalk cleaning priorities will come second to opening traffic routes.
- The Town may provide sanding/salt to institutions or business parking lots at the rate determined in the Town Rate Schedule.
- Businesses are expected to keep the sidewalk in front of their businesses free of ice using environmentally friendly salt.
- The balance of the sidewalks in the Town may be cleaned by the Town, time permitting in the manner that the Town Foreman directs.
