SaskWater - CGFPC Non-potable Water Supply System Project Feasibility Study

SaskWater is currently proposing the development of a non-potable water supply system to service Canada Golden Fortune Potash Corporation's (CGFPC) proposed potash mine, Broadview Project, located approximately 12 km south of Grenfell, SK in the RM of Chester No. 125.

As part of the public engagement process, SaskWater will be presenting project details in two open houses scheduled:

**August 1, 2018 – Town of Grenfell (4:30 p.m. to 7:30 p.m.)
Grenfell Town Hall**

**August 2, 2018 – Town of Broadview (4:30 p.m. to 7:30 p.m.)
Broadview Community Centre**

Anyone interested in the proposed project is encouraged to attend the Public Open Houses.

There is no formal presentation, come and go style.
Light refreshments and snacks will be provided.
